ABOUT WORKTRACKZILLA

➤ WorkTrackZilla is an employee monitoring software with an advanced framework to track your remote employees. A subsidiary product of Recenturesoft Infotech: An IT Solutions provider with its headquarters in Noida, India.

➤ WorkTrackZilla acts as a "one-stop solution" for time-tracking management and getting a precise report of your employees' idle hours and when they halted for a break. The role of the software begins as soon as your remote employee hits the start button and his/her time clock starts ticking.
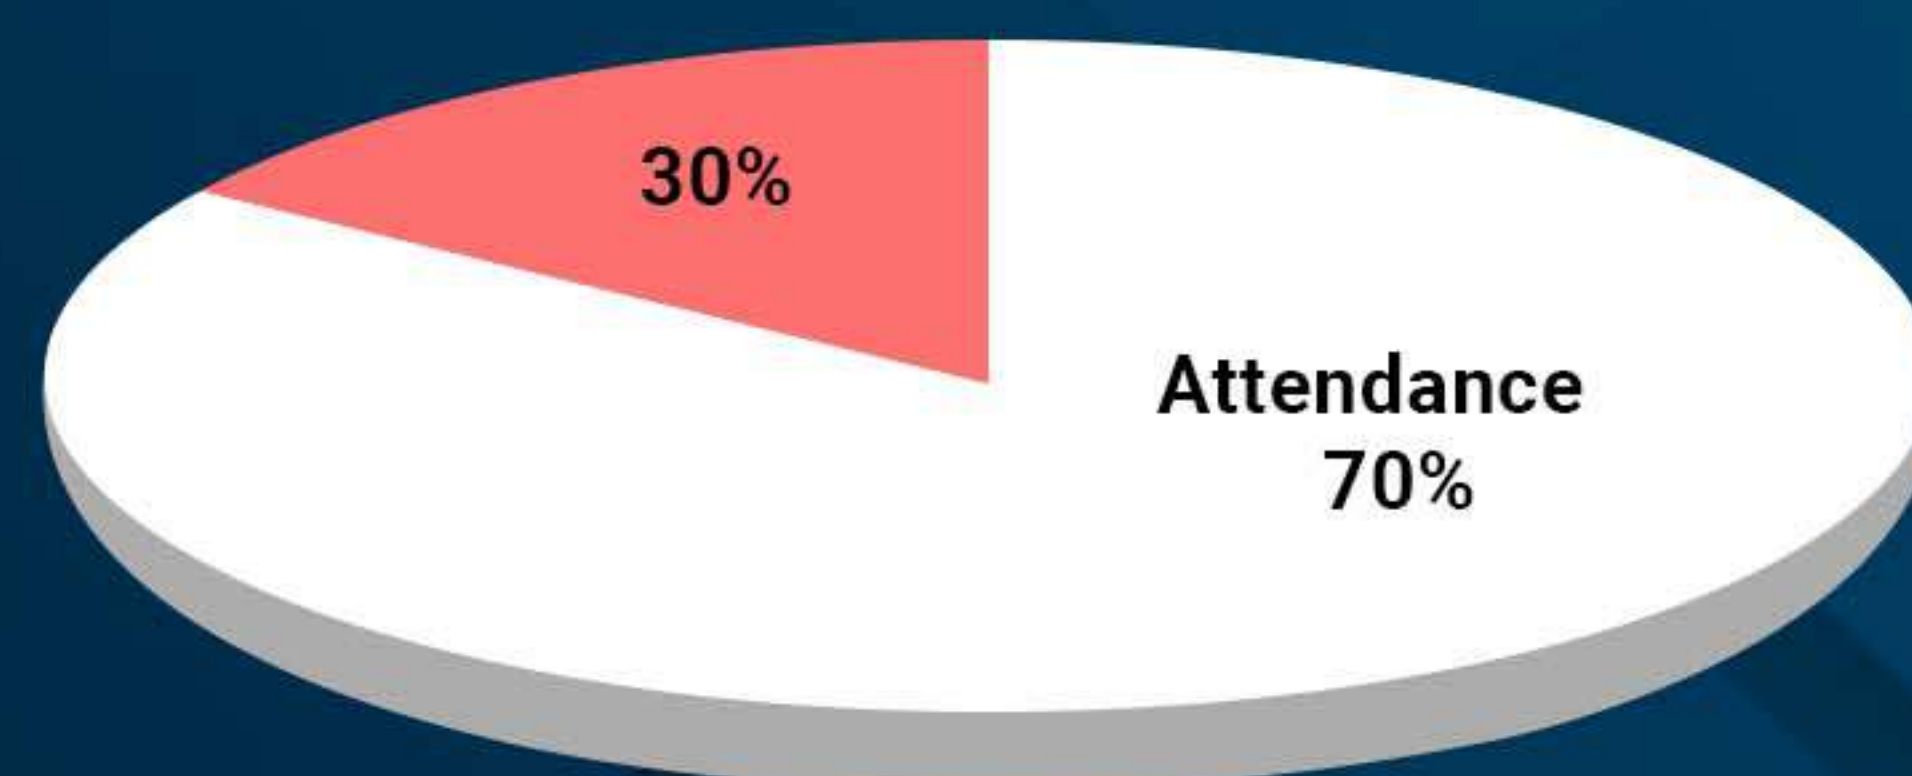

Feasible Tools with an easy to Understand Approach

We believe in your Passion, so we lead you to success.
